

FLREA

The Federal Lands Recreation Enhancement Act

About
\$410M

generated in 2017 through
some one billion visits

At least
80%
of collections are
kept at the
collecting site

*That money comes from: Entrance, Camping,
Parking and other fees*

Across agencies, that money goes to...

- Interpretation and Visitor Services
- Maintenance
- Fee Management and Reservation Services
- About 15% for Collection Costs

The recreation
community has
suggested several
improvements:

- ▲ Online pass sales
- ▲ Increased accountability
- ▲ Inclusion of U.S. Army Corps of Engineers in fee program

Fees were not
retained until "Fee
Demo" in 1996,
converted to FLREA
in 2004

Interagency Passes

- Annual Pass
- Annual Military Pass
- Senior Pass
